But when you take everything Lincoln stood for and think about 'I'll make you,' it's clear you're not going to stand for me, either.

On the red carpet this week, the singer debuted her new album "The Story So Far," which was released Friday. The record, which has over 25 songs on it, will hit stores in the spring — her first album since "Lincoln.".. While Gomez has always been a singer who sings hooks, this album seems more like a collaboration effort with Maberry, known for his heavy songwriting and production for Beyoncé. "A story so far" is a reference to her character Lincoln, who was born on a farm in Ohio in 1869 when he could not have married a white woman. He eventually was forced to become a lawyer, where he represented slaves.
